CITATION

*A Meritorious Unit Citation is awarded to Tel Aviv Bureau for sustained superior performance in covering the Israeli incursion into Lebanon during the spring and summer of 1982.*

*The Israeli military operations and related events necessitated prolonged open speaker watches and overnight staffing on numerous occasions, resulting in unusually heavy burdens being placed on the Bureau's personnel and resources. The exemplary manner in which the Bureau responded to the crisis was demonstrated by support provided to Special Presidential Envoy Philip Habib and his party and by meeting numerous requests for information and support from U.S. Embassy offices in Tel Aviv.*

*The Bureau's sustained effort during this period enabled FBIS to provide significant and prompt reporting of high value to the U.S. Government, reflecting great credit not only on the bureau but on FBIS as a whole.*
